Join Gathering Ground and the Mental Health Association in New Jersey for a fast-paced, cross-sector think tank!

BIPOC Mental Health March 6, 10 a.m. E.T. on Zoom

Register Now: <https://www.tfaforms.com/5106910>

Tackle Two Essential Questions:

- What is needed to ensure BIPOC individuals/families in need of assistance or who are living with mental health challenges receive culturally competent mental health services from our organizations and other providers?
- How can we disrupt the foundations of racism to create a different system of engagement, treatment and support that begins with and supports front-line workers and volunteers?
