

The Bergen Hub
SUPPORTING BERGEN COUNTY

Respectful Roots

On Thursday, April 18th, be part of a huge event where both parents and students will be given an opportunity to **understand what bullying and respect are really about.**

We will start off with light refreshments. After that, parents and students will be split into groups to attend programs for both respective parties. **Parents will be given the opportunity to not only understand the difference between HIB and bullying, but will also be part of a discussion about conflict resolution and helping their children navigate age appropriate social interactions.**

Students will learn how to **build pro social behavior to counter bullying and promote healthy relationships.** Students will also learn social emotional life skills by focusing on respect and decision making.

Join Us April 18th!
